Liz Bjelica
Agricultural Business
Junior
Sales and Marketing Intern 2015

I grew up on a family farm near Charles City, Iowa. I am currently a junior majoring in Agricultural Business. I couldn't be happier with the choice I made to come to Iowa State and be a part of the Agricultural Business program. The Agricultural Business Club has opened many doors for me. Because ISU has such a large Career Day, I was able to connect and intern with Helena Chemical Company. I worked in sales and marketing intern for their wholesale division in Wisconsin. I had the best summer! I had the opportunity to live in a new place, work one on one with Helena customers, and learn about agricultural chemical products and the industry. I loved meeting and networking with all the other interns on a Chicago trip. I finished off the summer presenting my summer projects to Helena employees. This internship gave me a lot of responsibility and prepared me for a future career.
